Course waitlist consent

I consent to Matthias Dunker, who operates Interface Divide, using my email address to send me emails about the Interface Divide course launch, availability and related launch information.

I will receive a confirmation email and must confirm my email address before joining the waitlist. My consent is voluntary, and my email address is needed to send me these updates. I do not need to consent to the separate newsletter to join the waitlist.

I can withdraw my consent at any time with effect for the future by using the unsubscribe link for the course waitlist or by contacting matthias@interfacedivide.com. Withdrawal does not affect the lawfulness of processing based on consent before withdrawal.

The legal basis for processing my email address to send these updates is Article 6(1)(a) GDPR. Further information, including about service providers and my rights, is available in the privacy policy at https://interfacedivide.com/legal/privacy.
